

Point Arena Almost Fringe Workshop Schedule

Sat. April 29 & Sun, April 30, 2017, 11am to Noon

"Learn to Shoot Your Pet Like a Pro!"

Natural Light Photography Workshop

on the Continental Fringe for People & Pets

Bring your pups and camera out for a fun hour spent exploring Point Arena's gorgeous geological gems. The Stornetta Public Lands & Point Arena Lighthouse will provide stunning backdrops to your pet's photos.

Portraits are most compelling when you are proficient in composition and lighting, and understand what makes a powerful image.

This is pawsitively attainable with the use of natural light alone.

I'll teach you to change the portrait experience away from centering on getting the one "perfect" image of your pet, into a more complete body of work.

Get ready to capture the d'awwwws!

Get ready for hands-on learning from Internationally Award Winning Pro Photographer, [Anne Mary Schaefer](#), Artiste/Owner of

PawPawrazzi Pet Photography, *Where Your Pets Are the Stars!*™

Please contact us directly to schedule.

Pro Tips Article handout during the workshop.
