

Travel Tips

We hope you enjoy your visit. Here are some local area tips to help you explore more safely.

The Elements

- Don't turn your back on the ocean!
- Check the tide schedule before beach walking.
- Bluffs crumble; don't get too close to the edge.
- Please respect the land and wildlife.
- Please respect private property.
- Dress in layers.

The Roads

- Use the pullouts to let others pass you.
- Gas up! Gas stations are few and far between on Highway 1.
- Give at least three feet of clearance when passing bicyclists.
- Stick to main roads, avoid GPS suggestions to take back roads.

Communication

- Cell phone service is spotty (at best) on the coast.
- Most locals can point to areas with good coverage.

If in doubt...ask!
